Technical Specifications

KOMORI L640 LX 6-color straight press equipped with advanced features including SAPC, PQC, KMS, AMR, cocking, and an IVT IR drier. It supports CIP3 workflow and is fitted with chromed cylinders with no repairs. Additional features include a densitometer, automatic blanket washer, auto rollers wash system, ink refrigeration, powder spray unit, extended delivery, and plate punch. The machine also comes with an extra set of rollers and was originally installed in 2000. It remains in excellent condition, with any tests possible upon request.
